2020/2021 School Year

Dear Families of Kindergarten through fifth grade.

The Academy of North Beach appreciates your concern during this pandemic. Based on the feedback from our school community, the Academy of North Palm Beach will now be providing educational services for your elementary aged students Kindergarten through 5th grade.

We understand, it can be extremely difficult for parents to work while monitoring their children's online/virtual education. Our program at the Academy of North Palm Beach will manage your child's schoolwork, homeschooling, and Florida Virtual School.

Benefits of the program include reduced classroom size, setting and maintaining a routine for your child, individual attention needed to achieve educational goals, ongoing communication with your child's Teachers along with progress reports for parents and most of all safe interactions with proper social distancing. Your child will be challenged, encouraged, protected, and cared for while you are working.

If you are interested in our services, please let us know as soon as possible so we can answer all your questions and provide any further information you may need.
